For years, Luke searched for the life that he always wanted to live, running from a past he desperately wanted to forget. He thought heâ€™d found it, that heâ€™d finally escaped everything that was suffocating him, and could breathe for the first time.

And then he met Ash.

Ash showed him that not only was there more to life than he ever imagined, but that love, true love, was the one thing he was still missing. And even in the face of unimaginable tragedy, their love could survive anything.

As dreams of a recording deal suddenly become a reality, the shadows of Lukeâ€™s past finally start to catch up with him, and the one person heâ€™s been trying to escape will threaten not only his happiness, but everything heâ€™s worked so hard to achieve. Luke will be forced to face the life he left behind and everything heâ€™s been trying to forget.
